

About Sponsorships & Donations

The City of Two Rivers is a great place to live, play and visit. There are many exciting events throughout the year that are well attended and a staple of the community. The TR Parks and Rec Department is responsible for bringing these events annually, which are FREE to our residents and visitors. The cost of these events are primarily covered by sponsorships, donated generously by community minded businesses and individuals. There are many levels of sponsorship opportunities for you to be involved in.

Thank you in advance for your consideration and generosity to this community.
